At the October meeting of the Miami-Dade County School Board, District 1 School Board Member Dr. Steve Gallon III recognized the iconic Ira D. Hall, Chairman of the Adrienne Arsht Performing Arts Center, for his many accomplishments and for his lifelong commitment to the education of our students.

He was responsible for sending over 6,000 students to see Selma and 7,500 students to see Hidden figures, free of charge. Mr. Hall's impact on students went from Homestead to County Line Rd. as students from 55 schools in M-DCPS were able to participate and benefit from his work. He took the podium and spoke of his lifelong commitment to uplifting and educating our youth that may or may not have positive influences early on.

With humility and gratitude Mr. Hall accepted his proclamation and offered words of encouragement to everyone in attendance.
