PRESS RELEASE FROM THE OFFICE OF DR. STEVE GALLON III

May 1, 2018

At the School Board Meeting of Wednesday, April 25, 2018, the School Board unanimously approved Board Item H-15 proffered by District 1 School Board Member Dr. Steve Gallon III. This Board Item affirmed the Board's commitment to the highest levels of accountability, performance, and continuous improvement. The Board also recognized performance evaluations as one of the most important communication tools in highly effective schools, school districts, and organizations.

Board Item H-15 ensured the implementation of all provisions governing the evaluation of positions that report directly to the Board such as the School Board Attorney, Chief Auditor, and Superintendent of Schools, as stipulated in applicable Board Policy, Florida state statutes, and existing Employment Agreements. The item further provides a framework and timeline for School Board members to discuss Board relationships, assessments, achievements and accolades, goal adjustments, and goals and objectives for the subsequent year.
